## ARTICLE EN VEDETTE

### BDC: Démarrer une entreprise

Ce programme complet vous guidera dans tous les aspects du démarrage d'une entreprise au Canada. Vous vous familiariserez avec des concepts d'affaires clés et découvrirez quels renseignements recueillir pour rédiger votre plan d'affaires. Au long de ce parcours, vous profiterez aussi des conseils d'experts dans divers domaines, dont la gestion financière, les ressources humaines ainsi que les ventes et le marketing. Laissez-vous inspirer par les histoires réelles d'entrepreneurs, et voyez comment ils ont réussi.

Le programme couvre les sujets suivants :

- définir la structure de l'entreprise
- aperçu du plan d'affaires
- financer son entreprise
- embaucher et conserver ses employés
- marketing
- ventes
- réseautage

## INNOVATION

### ROI Foresight Papers

**RURAL ONTARIO  
INSTITUTE**

The 2019 Rural Ontario Foresight Papers is a collection of six papers on selected themes as prepared by expert authors.

Each Foresight Paper explores a particular topic in view of the current situation in rural and northern Ontario and looks ahead to what directions various stakeholders, governments or non-profits might follow in order to foster vital rural development in light of the trends and opportunities the authors foresee. The Papers offer an opportunity for rural stakeholders to be informed by the perspectives of these authors and to consider the implications for their own work or their own communities.

The Rural Ontario Foresight Papers were released at the MRCV Showcase. The complete edition as well as the individual pdfs are all up in our Knowledge Centre. (The translated Papers will be available next week.) Follow this link for the papers: [RURAL ONTARIO FORESIGHT PAPERS](#)

## DE NOUVEAU ET COLLECTIVITÉS

### How health and safety can affect your WSIB premiums (English Only)

#### How health and safety can affect your WSIB premiums

Did you know that having a solid health and safety program that gets positive results can save you money?

Under the Workplace Safety and Insurance Board's (WSIB) **new premium rate-setting model**, which comes into effect on January 1, 2020, your individual claims experience will be taken into consideration when your premium is set.

As we move closer to the implementation of the new **rate-setting model**, you can start making a difference now to improve your safety experience. Managing the risks in your workplace with the right health and safety practices is the key. Of course, it can help you keep your people safe, but it also has the potential to provide financial benefits.

In November, WSIB will be launching a new **health and safety excellence program** that will provide a clear roadmap for businesses to improve workplace safety. Success in the program can lead to rebates, and an improved health and safety record can help lower premium rates.

#### Managing risks

To help you get a comprehensive picture of how your company is doing and which areas you need to tackle in terms of health and safety, check out WSIB's online Compass tool. Businesses like yours now have secure login access to Compass and can get exclusive, in-depth insights into claims, costs, and premium rates. You can also access and analyze key health and safety statistics to make effective business decisions to improve workplace health and safety performance.

"With just a few clicks," says Stephen Shaw, Director of Integrated Operations for Workplace Safety & Prevention Services, "Compass gives you a picture of where injuries are happening in your workplace, what group of workers is being injured, and what types of injuries they are incurring. This benefits your business and everyone in it. For instance, if the statistics indicate your workplace's most common injury is strains and sprains, then it may be time to conduct a risk assessment of those areas and the processes involved."

To log in, go to **wsib.ca/online services** and select "analyze your rates and past claims costs on Compass" from the menu. Once you've securely logged on, a wide range of data will be at your fingertips including:

- claims registered
- claim costs
- costliest types of claims
- return-to-work statistics
- premium rate information

This article was prepared by Workplace Safety & Prevention Services (WSPS), helping Ontario manufacturers improve health and safety prevention for over 100 years. As an approved provider, WSPS will be delivering WSIB's new Health and Safety Excellence Program for businesses across the province. For more information, visit [www.wspss.ca](http://www.wspss.ca) or contact WSPS at [customercare@wspss.ca](mailto:customercare@wspss.ca).

## LEÇON RETENUE ET PRATIQUE EXEMPLAIRE

**Bright Ideas for your Nonprofit - Webinar Series (English Only)**

**RURAL ONTARIO  
INSTITUTE**

This **lunch-time webinar series (with Q&A)** will help you get the most out of your Board and staff while growing and sustaining your impact. Hosted by the Rural Ontario Institute and presented by David Hartley of NonProfit Help. Read testimonials from people who have worked with David [here](#).

Webinar recordings will be available for viewing online as often as you like until March 31, 2020".

Register for the full webinar series and save \$50!

**About David:** David Hartley has consulted hundreds of nonprofits and charities (from social services to healthcare to agriculture) in over 150 Canadian cities. His focus is strategy, governance and risk management. Over the past 13 years he has trained over 25,000 leaders. David led Imagine Canada's *Insurance & Liability Resource Centre for Nonprofits* from 2007-2012. He received the Canadian Risk Management designation from the University of Toronto.

## ACTIVITÉS RH ET LE DÉVELOPPEMENT DE CARRIÈRES

### 1Password (English Only)

We have had some excellent feedback from those who have set up 1Password; offices are pleased with it's ease and security.

We hope you have found it to be the same, however, we understand implementing new software can be daunting. As such, we've posted a helpful article on our website with a step-by-step process to installing and setting up 1Password along with a few video links to brief tutorials (~3min).

Should you experience any difficulties or have any questions about the software our liason at 1Password, Jeremy, is more than happy to set up a video call with you. Simply email him at [business@1password.com](mailto:business@1password.com).
